

Fire unit / Fireplace Cover

This cover is for use with your American Fyre Designs product. It is constructed of a durable material that will protect your unit when not in use.

To install, allow the unit to cool completely, then place the cover over your unit, with the American Fyre Designs logo facing forward/upward. Reference Fig. 1-1 for an example. Your model may vary.

Note: Select models may have a zipper or a pull-tie.

Note: For select models certain decorative media (such as river stones, logs, etc.) may interfere with the proper placement of the cover. They will need to be removed and stored in a safe location when the cover is in use.

Remove cover before use.

To clean the cover, use mild hand soap with warm water and a sponge.

Note: It is recommended that you wash the cover only as needed.

Important: To prevent mold and mildew: wipe down and dry your cover with a soft towel or cloth after cleaning or rainfall.

(Firetable cover shown)
