**AMERICAN  
FYRE DESIGNS™**  
Outdoor Products Collection

**AFD Price List Updated**

The AFD price sheet has been updated effective March 1, 2021 to

reflect increases in the Real Fyre products included in the AFD offering (not a general AFD increase).  
 The new Fyre Sphere 4-packs have also been added to the selection of media as well as a wind guard for the Iron Saddle fire table.  
 The updated AFD price sheets are now available from the literature department and a link to a pdf is provided here.

## AFD ANSI Updates for LP Models that House Tanks

As announced last fall, the ANSI Z21.97-2017 requirements have been incorporated into all AFD products. Propane models that house LP tanks had several modifications...LP tanks must be 2” off the ground to reduce potential rusting on the bottom of the tank. In addition, the tank must be retained in position to reduce lateral movement. In order to add the retention system, leveling legs have been added to the bottom on some units. The leveling legs give affected units the capability for fine adjustment on uneven ground.

List of the AFD products updated in LP models:

<u>Firefall</u>	<u>Firetables</u>	<u>Urns</u>	<u>Lanterns</u>
Large	Amphora	Eclipse	Magnolia
	Cosmo - All	Piage	Nest
	Fiesta	Wave	
	Inverted		
	Voro + Voro Cube

### Production Update

March 4, 2021

As we enter March, orders have remained strong and in fact have increased to record levels. While production at R. H. Peterson Co. (RHP) has improved and last month was a record February for shipments, our lead times remain over two months for all products.

Still operating within the unpredictable environment the COVID 19 pandemic creates for all of us, the RHP team is striving to get your orders filled as quickly as possible and has taken many steps to reinforce those efforts including:

- Our factory is operating up to 20 hours a day, 7 days a week
- Labor saving equipment continues to be put into production
- Office and engineering staff are working in the plant
- RHP is continuously hiring and training new employees in the face of government programs that seem to discourage employment
- Developing workarounds to deal with inconsistent shipments from suppliers

**Lastly, and in an effort to improve overall production levels, effective immediately and through August 31, 2021, RHP will initiate a short-term suspension of some lower volume products. During this 6-month hiatus while these SKU's are out of production, there are other RHP products in most cases which may be substituted for the suspended products. A list of the affected products by brand and model is enclosed. *Note these products are not being discontinued at this time but are suspended so that assembly lines may operate more efficiently to increase overall production.***

RHP appreciates your patience and cooperation as these necessary steps are implemented to help weather the unique times we are all experiencing. Our entire staff stands ready to assist with any questions.

Thank you for your business and please stay healthy and safe.

## R H Peterson Suspended Products

March 1 - August 31, 2021

Fire Magic

Wednesday, March 17*

## Fire Magic in the Media

### Fresh from TikTok

Have you ever grilled in a blizzard? Nope, me either, but a little snow never stopped Fire Magic's resident chef, Anna Rossi from whipping up a popular tomato-feta-herb-and-garlic pasta. Yummy, easy and cooked on a Fire Magic!

See more of Anna's videos on Instagram: [@annarossiofficial](#) and on TikTok [@annarossiofficial](#)

Watch the Anna's Tomato Feta Video from TikTok

***"That's MY Grill!"***

Thanks to all who submitted photos for "That's MY

Grill!" Your photo may be used in a future issue of *RHP Connect*.

With a dedicated outdoor living space and miles of stone pavers, this stunning Fire Magic Aurora kitchen shines with not one, but TWO granite-topped islands, one for prepping and cooking, and the other for guests to enjoy the chef at work while enjoying appetizers.

A curved stone bench seat provides protection from the wind while a (non-AFD) fire table keeps the guests warm and cozy.

Special thanks to Devin [@amerpatio](#) in Gainesville, FL for sharing their generously sized Fire Magic outdoor kitchen.

---

Thank you and cheers to good health.
